Benefits Explained

Option 1: Basic Life Cover

JEEVAN a healthy 35 year old male.

He does not smoke. He purchased the Future Generali Flexi Online Term Insurance Plan through our website with a Basic Life Cover of ₹1,00,00,000 (1 Crore) and a 30 year term.

WHAT JEEVAN PAYS

₹9,263

(without goods and services tax) annually

WHAT JEEVAN'S NOMINEE GETS ON DEATH

₹1,00,00,000

is paid as Lump Sum

Age: 35

Policy Term: 30 years

In case of death any time during the policy term, Jeevan's nominee will receive ₹1,00,00,000 as a one-time Lump Sum payout. The policy will end after the payment is made.

Goods and Services Tax of 18% will be applicable on the premium rate.

Option 2: Fixed Income Protection

JEEVAN

Assuming the similar example from above, Jeevan chooses the Fixed Income Protection payout option of ₹50,000 per month for a 30 year term.

₹6,556

(without goods and services tax) annually

₹50,000
PER MONTH TILL
AGE 60

AGE: 35

AGE: 41

AGE: 60

IN CASE HIS
DEATH HAPPENS

Goods and Services Tax of 18% will be applicable on the premium rate.

In case his death happens immediately after payment of 7th annual premium, i.e. when he has turned 41 years old, his nominee would start receiving ₹50,000 every month, till such time when Jeevan would have attained 60 years of age.

In case of death during the Policy Term, Jeevan's nominee will receive a fixed amount every month, similar to Jeevan's monthly income, for a period till Jeevan would have attained 60 years of age or for 120 months from the date of death, whichever period is higher.

Alternately, Jeevan's nominee has an option to take all monthly instalments as a Lump Sum at the time of claim settlement. All monthly payouts will be discounted at 6.5% per annum compounded. The option of taking Lump Sum benefit cannot be exercised once the Fixed Income Protection payment has commenced.

In case his death happens immediately after paying 7th annual premium, i.e. when he has turned 41 years old, his nominee would start receiving ₹80,000 every month in the 7th policy year, which will increase every subsequent year, at a simple rate of 10% of the monthly payout chosen at inception, till such time when Jeevan would have attained 60 years of age.

Your coverage increases every year under this option to secure you and your family from the impact of rising costs due to inflation. You can choose the monthly amount which will increase at a simple interest rate of 10% from second policy year and thereafter every policy year.

In case of your death during the policy term, the increased monthly amount corresponding to the policy year of death will start getting paid to your nominee and this amount will still continue to increase every year for the period till you would have attained 60 years of age or for 120 months from date of death, whichever is higher.

Your nominee also has an option to take the monthly payouts as a lump sum benefit at the time of claim settlement. All monthly payouts will be discounted at 6.5% per annum compounded. The option of taking lump sum benefit cannot be exercised once the increasing income protection payment has commenced.

The Death Sum Assured shall be the higher of:

- 10 times Annualised Premium(excluding taxes and extra premiums, if any), or
- 105% of total premiums paid (excluding taxes and extra premiums, if any) as on date of death, or
- Absolute amount payable on death which is equal to the Sum Assured

Where Sum Assured is equal to

- Option 1: Sum Assured chosen at the outset
- Option 2: Discounted value of fixed Income protection payments as on date of death discounted at a rate of 6.5% p.a. compounded yearly
- Option 3: Discounted value of increasing Income protection payments as on date of death discounted at a rate of 6.5% p.a. compounded yearly.
